

Windows 10

Using Windows 10 Troubleshooting apps

If you have a problem on Windows 10, there are a number of troubleshooting apps available that might fix it.

To access these apps, click Start then type “troubl”, click on Troubleshooting

When the Troubleshooting screen appears, click on View all in the top

After a few seconds the full list of troubleshooters will appear, choose the one you want.

The screenshot shows the Windows Troubleshooting window titled "All Categories". The breadcrumb path is "All Control Panel Items > Troubleshooting > All Categories". A search bar labeled "Search Troubleshooting" is visible in the top right. Below the breadcrumb, the heading "Troubleshoot computer problems" is displayed. The main content is a table listing various troubleshooters.
